Please describe a summary of work undertaken by the SAC to improve student achievement and school performance.

Purchase of Chromebooks with goal of achieving 1 to 1: student to technology
Books for Learning Centre Students
Coding Kits for Learning Centre Students
Mimio Device to support Math Instruction

Please list any significant milestones and success stories that the SAC would like to highlight.

With the Chromebooks purchased and Chromebooks from HRCE/EECD we achieved a 1 to 1 ratio of Chromebooks to Students

This additional Chromebooks allowed for a 1 to 1 at school as well as Chromebooks for at home use to support students who did not have technology at home.

Please describe any related sub-committee work undertaken by SAC members (e.g., School Options Committee).

Not Applicable due to COVID

Statements of Revenues and Expenditures:

Expenditures supporting the school improvement plan (e.g., providing resources to support math and literacy instruction).

Mimio Device to support Math Instruction
Books to support Literacy
Coding to support Numeracy and STEM
Chromebooks to support and engage students

Expenditures supporting policy development and implementation (e.g., supporting and promoting new policies).

Due to COVID at the risk to have to switch to At Home Learning, these additional Chromebooks were enough to support students who did not have technology at home during in person instruction and still provide 1 to 1 for in person.

Expenditures covering operational expenses; up to 20 per cent of provincial SAC funding may be used as operational expenses, if necessary, to encourage and support member participation).
