Dear Families,

I hope you are all doing well and are healthy and safe.

In preparation for a provincial plan for learning at home, we are gathering information about the possible needs of students and families to be able to complete work at home. Please let us know through a return e-mail to your child's homeroom teacher if you are set up adequately to do some work at home through technology...namely if you have a computer with the internet. As the Learning Plan from the province is announced, we will be in touch with more details. Thank you.

Contact information for each homeroom teacher is attached to this message. If we do not receive a response from you within the next few days, we will attempt to contact you by phone.

Yours truly,

LT Admin & Staff
